Press Release

December, 2007

Intrinsic Perennial Gardens, Inc. is excited to announce the introduction of a new Polemonium plant, Polemonium 'Heaven Scent' PPAF. Blue flowers with a "heavenly" grape scent bloom in April and May. The red spring growth turns green towards summer on plants that grow 18"-24" high and up to 24" wide. The plants prefer full sun to part shade and well drained soil. Zone 5+. For more information contact Brent Horvath at 815-648-2788 or brent@intrinsicperennialgardens.com.
